

## Roundtable Information

**What are Roundtables?** Roundtables are a confidential, honest, members only, peer – driven industry exclusive group of 8 -12 business professionals sharing their individual experiences to help resolve the day-to-day challenges of business and work on their own professional development. A roundtable is *not* a forum for lead generation nor casual/social conversation. Roundtables are lead by mediators to ensure discussion stays on task and time is used wisely.

### Benefits:

- Establish a confidential channel of communication to openly discuss private business matters
- Make better business decisions based on the groups combined experience
- Cultivate strong business relationships with fellow roundtable members

### Structure:

- 8 – 12 industry exclusive business professionals from similar peer groups
- Mission, Vision, and Values established by and unique to each roundtable group
- Monthly meeting time and location determined by each roundtable group

### Current Roundtable Groups Now Accepting Applications:

- CEO
- GM/OPs
- Young Professionals
- Manufacturing
- Women in Business – Coming in Fall 2021!

Participation in Roundtables is free to members in good standing. Each roundtable group creates their own set of participation expectations to ensure everyone is getting the most that they can out of the group. Roundtable Participant expectations will be developed as a group with newly created roundtables. Established roundtables will share expectations prior to a new member joining the group to ensure that they can be appropriately met.
